My name's Eleonora Pibi and everyone calls me Nora. I'm 17 years old, and I'm from Sardinia, which is one of the major islands of Italy.

I've been spending an AFS Exchange Year at Lau Kam Lung during the 2014 / 2015 academic year and I've been studying in class 4D. I'm a friendly and quite outgoing person, with a big passion for Asia. The thing I love doing most is dancing and I also like singing. In fact, I like music a lot and I like almost all types of music, even if I mostly listen to K-pop. I'm a girl with many interests and that's why I'm always very busy, but I can still find the time to dedicate to friends and family, because I care about them a lot. Being an exchange student is an experience I'd recommend to everyone as it's unique and helps you discover new cultures and traditions, as well as discovering yourself, your weaknesses and strengths.
