**Teachers:** Miss J.H. Li, Miss W.F. Mo, Miss K.W. Ngan, Miss B.C. So

To broaden students' horizons and improve their English language proficiency, 45 F.2 to F.5 students had a wonderful trip to Liverpool last summer. They had English classes with students from various countries around the world in the campus of John Moores University. After they finished school, they spent their afternoons touring around different tourist spots in Liverpool, like the Liverpool Football Club and the Beatles Story. Sometimes they had evening activities like circus classes and ball games with international students. After this two-week excursion, students of LKL have made lots of friends from various countries and they gained valuable experience from this trip.
