

Aerospace Science and Technology Study Tour to Beijing and Xian (北京、西安航天科技考察團)

3A Chow Yee Ting was selected by the HK Association for the Advancement of Science and Technology and HK Shine Tak Foundation to participate in the free study tour with representatives from other secondary schools. The tour was held during the summer vacation. They visited several advanced research institutions in Beijing and Xian to experience the rapid development of the country in aerospace science and technology.

STEM Interflow to Tokyo

4C Li Pui Lam won the 2nd Runner-up "Smart HK Blueprint 2017 Mobile App Design Contest" held by Octopus Hong Kong in May. She Lam was invited to join a 3-day STEM-themed study tour in Tokyo, Japan in July 2017 with her teacher. The tour explored the latest STEM development and widen students' horizon with overseas exposure, including the exclusive tour at Sony's Headquarters, Nissan's Headquarters and visitation to science and technology museums.
