# An Unforgettable Memory

4E EMMA LEONILLE STEIN VON KAMIENSKI  
AFS Exchange Student from Germany

My name is Emma Stein, I am 17 years old and exchange student in Madam Lau Kam Lung Secondary School of MFBM. Actually I live with my Mother, Father and my younger brother in Frankfurt, a city in Germany. In Frankfurt I visit the high school and when I am back I will start preparing my graduation.

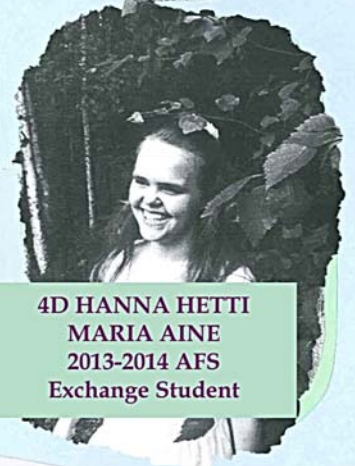

Now I am exchange student in Hong Kong and I am already nine Month there. So my year is almost over. Becoming an exchange student was one of the best things I could do. I got the possibility to learn so much about life and also myself. The school and the city gave me a lot of possibilities to dive in to many parts of the culture of Hong Kong. I made close friends in my class and with other exchange students. Many of my awesome classmates wanted to show me their home and help me to adapt the environment much easier. I stay here with a Host family. They tried to adopt me as much as possible into their family. I am really happy that I found a second family at the other side of the world.

All of them gave me till now an unforgettable memory and I look forward to the coming four weeks with all these people.

# Harrow Music Invitation Day

Member of our School Choirs participated in a half-day visit to the Harrow International School Hong Kong on 11 May 2014. In addition to visiting the elegant campus of the school, they also interflowed with students from different schools. Valuable experience was obtained by joint rehearsal and music performance.

# Playback Theatre

## - An interflow with Li Po Chun United World College

We had the playback theatre team from Li Po Chun College at our school on the 17th of September 2013. Our school drama team as well as our F3 students participated in this event.

After our students were seated in preparation for the activity, the playback theatre team entered the school hall singing a catchy tune and clapping their hands to the beat. This immediately caught the attention of our students who were then eager to see what the activity would be all about. Once the team stood in front of our students, they stopped singing and took turns introducing themselves. When that was done, they explained to our students that they should tell everybody about a personal experience and the team would in turn play back this experience in the form of a short drama. Although hesitant at first, our students soon got into the spirit of things and had the team acting out a number of different experiences. It was really fascinating seeing a story going from being told to being played back as a drama. All in all, the students really enjoyed this unusual form of drama.
