Mission Statement

Based on Buddha's teaching of relief through mercy and compassion, the mission of the school is to implement moral and educational programs. Thus, the school aims to nurture the all-round development of students so that they develop a positive attitude towards life and become active, responsible and contributing members of society.

School Goals

Upholding Buddha's teaching of relief through mercy and compassion and the school motto, 'Realizing Buddha's Nature through Mind Enlightenment', the school provides quality education for girls in the western New Territories.

The school places an emphasis on the holistic personal development of each student and encompasses ethical, intellectual, physical, aesthetic and social development. To meet the different needs of society and to cope with new challenges, students are provided with opportunities to develop multiple intelligences through the school curriculum and extra-curricular activities. The school aims to produce good citizens and bi-literate and trilingual professionals.
